Compared to last week's market, feeder steers and heifers weight price averages from 400 lbs and down finished steady. Those classes over 400 lbs ended fully $3 to $5 higher. The slaughter cow demand today was stronger with buyers adding on about $3 while the slaughter bulls ended $4 weaker.

With a better overall quality offering of feeder calves today, buyers showed interest and were aggressive on all weight categories. This past week Texas along with other leading cow/calf states saw the biggest areas of drought expansion of extreme (D3) drought.
