HELP! I know it seems like we are always asking for help but in order for our program to grow and for the Bastrop County 4-H program to get better for YOUR kids, we do have to have HELP! When we don't have help for things like recordbook judging or district events, not only does it take twice as long as it should but it also means the quality of the judging is not as good because of time and stress. Usually when a parent/leader does help they learn more how to help their own kids and make the program better.

ISO a club manager for the Bastrop 4-H Club. This club will have to disband if we do not get a volunteer by July 9.

Registration for Wildlife Camp ends on July 2 so get those registrations in.

Music Education Matters Summit, hosted by Georgia 4-H, provides an experience for youth across Georgia, and around the nation, to practice and grow in music education, network and learn from industry professionals, and develop as a leader, team member, and performer. The summit offers youth the opportunity to select one of five tracks:

- Vocal
- Instrumental

- Songwriting
- Dance; and
- Musical Theatre

Each track is designed to focus not only on skills development, but mentorship and career exploration with industry professionals.

Additionally this year, adults will be offered an supplementary workshop to discuss the processes used to launch, organize, and sustain a 4-H Performing Arts program. The facilitators will discuss the "nuts and bolts" of a Performing Arts group including auditions, travel considerations, funding, rehearsals, leadership recruitment, and marketing.
