

# *Private Pesticide Applicator Training*

**\$50 Registration**  
includes study materials

(should be purchased for review in advance)

Any agricultural producer or individual who applies restricted use pesticides to their own property needs a private pesticide applicator license.

This four-hour training will give participants the necessary information to take the private applicator license test which will be administered by a commercial firm across Texas.

This training is required prior to taking the TDA Private Pesticide Applicator exam. Only one training is required.

New testing procedures will be explained during the training.

**TUESDAY  
OCTOBER 6**
