

## Practice #15

### **Do Something Fun**

As a wrap up to the season and to blow off some steam before the tournament, we would suggest that your team go and do something fun.

You might try and combine it with a team-building activity, but it can be really fun and really simple.

A few ideas might be....

End of season party

Bowling

Create a scavenger hunt

Movies

Paintball

Go Karts in San Antonio

Trampoline Park in San Antonio or New Braunfels

Indoor Skydiving in San Antonio

### **Coach's Follow Up**

Remember to communicate with team parents about any set-up or take down duties at the tournament, and also what time they need to arrive at the tournament location. It would be helpful if each team organized their kits before the tournament.

Make sure that parents know about meal options or if they need to bring snacks and drinks.

After the tournament, remember to return your room key, robot kits, and laptop.

**THANK YOU FOR COACHING!!!! YOU MADE A BIG DIFFERENCE, SO JUST ENJOY THE TOURNAMENT NOT MATTER THE OUTCOME!!!!**
