

2020
TEXAS 4-H BEEKEEPING ESSAY CONTEST
RULES AND GUIDELINES

Deadline Sunday, March 1, 2020

Submit Electronically via Texas 4H CONNECT :
Event : State – 2020 Beekeeping Essay Contest

Winners will be announced the week of March 23, 2020

The 2020 Essay Topic has been announced by The Foundation for the Preservation of Honey Bees, Inc.

2020 Essay Topic: Overwintering: Bee Survival through the Cold Season

Honey bees have developed special skills to overwinter in the United States. Please discuss one of these skills and then include a discussion about what you do to prepare your hives for winter. Include a photo of one of your hives, either using infrared technology or showing winter wrap, hay bales, special feeders, etc. to demonstrate how you prepare your hives for winter.

Put on Your Thinking Cap!

An essential judging criterion is the scope of research you put forth in developing the ideas behind your essay—accounting for 40% of your score. The number of sources consulted, the authority of the sources and the variety of the sources are all evaluated. Personal interviews with beekeepers and others familiar with the subject are valued sources of information and should be documented.

Note that “honey bee” is properly spelled as two words, even though many otherwise authoritative references spell it as one word.
