

Livestock/Wildfire Information Survey

This survey has been put together for the sole purpose of making sure that we meet your educational and livestock supply needs today and into the future. This information will allow us to plan and implement programs to meet your needs and help accurately estimate hay, feed, supplies, and health services needed going forward. Thanks for any information you can share with us and be assured individual information will be confidential. We are just interested in the big picture and overall numbers.

This portion is optional.

E-mail: _____

Name: _____

Phone: _____

Address: _____

County: _____

Any information you can give in the following questions will help our agency tremendously.
