Our program this month is Christmas in July! (I hope someone thought to order snow!) Presented by several members of the club, we will have a chance to learn and do several projects that we can use to sell at next year's Quilt Show. One of the items we will learn about is a quilted pincushion. If you are interested in making one during class, please bring needle, quilting thread, shears, 6 in squares by the following specifications: 9 squares for leaves, 8 of a med/dark fabric, 2 of a lt/med fabric, and something interesting for the center. Let's all check our stashes!

Our next Sit & Sew is planned for 22 July. We will be making projects to sell at the Quilt Show, OR you may bring your own project, and share your enthusiasm with all.
