

Hello, Rains County! My name is Denita Young and I am the new County Extension Agent – Family and Consumer Sciences for Rains County. This is a multi-faceted position in which I will serve Rains County as I work with citizens, Extension organizations, associations, and other groups to plan, conduct and evaluate Extension educational programs and activities in the areas of Family and Consumer Sciences, Economic Development, and 4-H and Youth Development. I will also be sharing the role of 4-H Agent with our CEA-AG/NR Stephen Gowin. Someone recently asked me what I thought the best part of this job was and I quickly replied, “That I get to combine my love of teaching with serving the wonderful people of Rains County.” Texas Cooperative Extension offers many great educational programs and I look forward to the opportunity to bring those to our county. I would like to invite you to come and be a part of one of my first projects.

Seasons of Taste
The Traveling Cooking School is coming to a town near you!
