on Hurricane Harvey

Harvey Update: If You Need Help or Want to Help

The cleanup and recovery after the initial storm and ongoing flood will be an effort that continues for some time. We have had many offers of help, supplies and prayers, which are greatly appreciated. For those that need help or would like to help, we have gathered information and resources at tscra.org/hurricaneupdate.

Lost or Found Livestock

If you have lost or found livestock, email missinglivestock@tscra.org or visit tscra.org/hurricaneupdate for a link to an online form.

If You Want to Help or Donate

- **Monetary:** TSCRA has established the **Cattle Raisers Relief Fund** to support relief efforts for ranch families affected by natural disaster. The Cattle Raisers Relief Fund (CRRF) is administered by the Texas and Southwestern Cattle Raisers Foundation, a 501(c)3 organization. Donations may be made online or by mailing checks to TSCRF, 1600 Gendy Street, Fort Worth, Texas 76107. More information, including distribution standards and applications, is available at tscra.org/relieffund/.
- **Pasture, Trucking, Other:** The Texas Department of Agriculture (TDA) **HAY HOTLINE** helps connect forage with those in need. If you can offer transportation or have shelter, pasture and land available for evacuated animals, visit texasagriculture.gov and search TDA Hay Hotline or email HayHotline@TexasAgriculture.gov.
- **Animal Supplies:** Texas A&M AgriLife Extension has set up supply points in the affected areas and are accepting all donations of feed, supplies and help. Examples of items accepted include square bale horse quality hay, various types of hay for cattle in round or square bales, all-stock feed, range cubes protein supplement, fence supplies and other ranch items. Call 979-845-7800 if you would like to donate or volunteer help. For an up to date list of supply points please visit tscra.org/hurricaneupdate.

If You Need Hay or Supplies

Texas A&M AgriLife Extension has established livestock supply points in the affected area and are currently receiving and distributing donated resources to producers impacted by Harvey. If you are in the affected area and have a need, contact your local AgriLife Extension Agent to coordinate or call 979-845-7800.

Contact County Judge or Emergency Management Coordinator to Request State Assistance for Stranded Livestock

If you are in the areas affected by Hurricane Harvey and need hay or livestock feed delivered to stranded livestock, contact your county emergency management coordinator or your county judge to obtain a State of Texas Assistance Request (STAR) form. This will start the process to access assistance. These requests must start at the local level. In exceptional circumstances where feed needs to be delivered via non-conventional means (such as by helicopter or boat) to stranded livestock, the STAR procedure is necessary.

To find your county emergency management coordinator or county judge, use your favorite search engine to search on the name of your county and emergency management coordinator or county judge (example, Brazoria County Emergency Management Coordinator or Brazoria County Judge).
