Compared to last week; all feeder steers and heifers price averages from 500 lbs and down ended firm while feeder averages over 500 lbs weakened by \$4 to \$6.

The slaughter market also came under pressure as average prices on both cows and bulls ended fully \$3 to \$5 dollars

Finishing with hard negatives yesterday, today's board again closed down as the traders and markets are reacting to last Friday's negative on feed report. It appears that this is being used as a overkill to drive the figures downward.

Slaughter figures appear to be the result of the slaughter plants handling huge numbers.
