Market Summary

Compared to last week: all feeder steer and heifer weight class price averages ended fully \$2 to \$4 Higher. Buying activity was brisk with good demand on all feeder calf classes. Today's feeder calf quality offering was good as the new crop milk calves numbers are strengthening

The slaughter cow and bull demand was also showing market strength as both finished \$1.50 to \$2.00 higher.

Today's board again closed mixed as the traders continue to sort out last Friday's cattle on feed report. Actuals came in close to pre-report projections yet volatility remains in the both the live and feeder future contracts.
