Market Summary

Compared to last week: all feeder steer and heifer weight class price averages ended from steady in the lighter classes to \$3 lower on the heavier classes. Slaughter cows and slaughter bulls ended \$1 to \$2 better.

Buying interest today basically was strong considering the board has backed up \$8 to \$10 the past several days. The fundamentals remain intact although the technical side has suffered a meltdown. Today's board closing once again caved in to the negative attitude the traders are experiencing.

Today's feeder calf quality was mixed with a mostly good selection
