With no comparable weekly market report due to the two week Christmas Holiday shutdown, today's figures as compared prior to that showed all weight class averages finished fully \$5 to \$7 higher Slaughter cows ended fully \$4 higher as slaughter bulls finished \$5 stronger.

Demand continues to drive the feeder market up as the feedlots are pricing their finished cattle at \$1.26 to \$1.27. Packers are aggressively securing more inventory to start the new year.

Rains in the grazing country are also fueling the demand for turn-out grazing cattle. All phases are showing bullishness this first week of the new year!
