Feeder Calf Buyers.....19

Compared to last week's market; the front end quality of both feeder steers and heifers averages ended from \$3 to \$5 lower while the plainer, hard to place feeder calves were from \$5 to \$8 lower. Market averages felt pressure from the numbers of plainer calves and weakened the average figures. Buyer comments today were the figures were way stronger than the present market can stand on the board's present quotes.

Slaughter cows finished firm while the slaughter bulls pressured down \$2
