

Become a Concho Valley Master Gardener!

The Master Gardener organization is a volunteer group dedicated providing horticulture education to the Concho Valley. To become a certified Master Gardener, the training course must be completed, plus 50 volunteer hours during the following year.

Master Gardener training is a great way to learn landscaping and gardening techniques for the Concho Valley, and to network with other gardeners. Whether you're an expert or beginner, anyone is welcome to join!

Join us for the Spring 2019 training class!

Classes will be held every Tuesday afternoon, 12pm to 3pm, from February 12 to May 28, 2018

Tuition is \$185 and includes a textbook and lunches

To register, contact the Tom Green County Extension Office:
