

## 4-H CLUB COMMUNITY SERVICE AWARD

The 4-H Club Community Service Award will be given to the top 4-H clubs which have submitted an application to the 4-H Office by July 1, 2020. The application will be judged on the amount and quality of community service and also the percentage of members, leaders, and/or parents involved. Community service is defined as something you do for organizations outside of 4-H *as a club*. If you unsure if something qualifies as community service, please contact the Extension Office for clarification.

- The County Extension Agents will be responsible for obtaining non-biased judges.
- The winning club will have their name engraved on a plaque to be displayed at the Waller County Extension Office.
