a. Selection of Judges: Show Management is solely responsible for the selection of judges and determining judging systems. Judges will be familiar with all rules, regulations and procedures of the San Angelo Stock Show and Rodeo.

b. Judges' Decision: The judges' decisions are final. If fraud, misrepresentation, error or collusion is discovered after awards have been given, the show Management or appointed referee will make a decision regarding final placement. Such decisions may be appealed to the Executive Committee from whose decision there will be no appeal. Protests alleging that the judges overlooked exhibits will not be considered.

c. Interference with Judges: An exhibitor or their representative who interferes with or displays disrespect to a judge or the Show could forfeit any monies earned or be subject to other penalties assessed by the show.

18. Sifting/Classifying Committees: The San Angelo Stock Show and Rodeo reserves the right to appoint sifting committees to determine the eligibility of animals by inspection prior to judging. Animals must have any and all covering(s) removed and be ready for inspection when called upon by the committee. The sifting committee will eliminate any animal which, in its judgment, is not qualified to compete and may be required to leave the grounds. Decisions of the sifters and/or classifiers will be final and protests will not be considered. Interference with sifters and/or classifiers will not be tolerated.

19. Official Protests: All protest must be made in writing and accompanied by a fee of $100, which will be refunded if the protest is sustained. Such protests and fees must be submitted to the Livestock Office. Protests must clearly state the cause of complaint or appeal, giving good and sufficient reasons therefore, and must be delivered to the Management immediately upon the occasion for such protest. Protests not officially filed within 12 hours of the alleged incident will not be considered. These cases are referred to the Executive Director, who will have full power to act, and from whose decision there can be no appeal. Judging procedures will not be interrupted for protest investigation.

20. Breed Representation:

a. Sheep or Goats: Should any breed represented in the open or junior breeding sheep or goat shows not have a minimum of four (4) breeders and sixteen (16) sheep or goats entered in their respective show at the time of entry deadline, their fees will be returned to the exhibitors and no show will be held. The show will be discontinued for the following year, unless the breed association pays the premium for the succeeding year.

b. Cattle: Should any breed represented in the Youth Longhorn Show or Open Longhorn Show not have a minimum of five (5) breeders and a total of twenty five (25) animals in their respective show at the time of entry deadline, their fees will be returned to the exhibitors and no show will be held for two consecutive years.

In the Junior Heifer Show, if any breed has less than thirty (30) head entered on a three year average the breed will be dissolved into the appropriate ORB or ARB division. Additionally, at any time a breed has less than twenty (20) head entered the following year, the breed will be dissolved into the appropriate ORB or ARB division. Any breed that has more than thirty (30) head entered on a three year average will be given its own separate breed show. Any breed that has more than forty (40) head entered in a single year will be given its own breed show the following year.

21. Show Ring Competition:

a. Entry Numbers: Each entry will be assigned a number. In some divisions exhibitors will receive corresponding cards with numbers which must be displayed by exhibitors during judging.

b. Requirement to Show: Animals properly entered in a show class and passed on by the sifting committee as eligible for competition must be brought into the show ring for competition. Exhibitors who refuse, without Show approval, to lead their animals for parade or for competition in the show ring will forfeit any and all prizes previously won. Also, by refusing the exhibitor may be barred from further participation in the Show and may be required to remove their stock from Show ground immediately.

c. Arena Promptness: Exhibitors are responsible for knowing the times at which their projects will be judged. Judging will not be delayed for animals entering the arena late. Any exhibit not presented promptly will be ruled ineligible and barred from competition the class.

d. Judging Contests: If and when an exhibitor is called upon to furnish one or more animals for the students judging contest, he or she will cooperate with the Show. Refusing to allow an animal to be used in this manner, without Show approval, could result in the forfeit of any prizes or such other action as the Show deems necessary. Selection of animals will be made under the direction of the department superintendent.

22. Disqualification: Should any animal, project, contestant or team awarded a prize be disqualified, the lower placing animal, project, contestant or team will not move into the higher position.

23. Animal/Exhibitor Disqualification: To support fair competition, to provide a level playing field and to protect the safety of food, the showing of unethically fitted livestock, livestock of any ineligible age for exhibition in the class entered, and/or animals being administered unapproved drugs is strictly prohibited. Additionally, any animal that has been administered a drug that is FDA approved for its species is subject to disqualification if that animal test positive for that drug upon arrival at the San Angelo Fairgrounds. All animals must remain free and clear of all drug and chemical residues while on show grounds. How or under what circumstances the animal came to ingest the drug is not relevant to any consideration.

23a. Unethical Fitting: Unethical fitting is defined as any attempt to alter an animal's performance or alter the natural contour, confirmation, or appearance of the animal's body, hide, hair, or feet by any unnatural means.

Examples of unethical fitting include, but are not limited to:

- Treating or massaging any part of the animal's body, internally or externally, with an irritant, counterirritant, or other substance to temporarily improve conformation.
- Surgical alterations, excluding the removal of warts or horns
- Use of Injections
- Striking the animal to cause swelling in a depressed area
- Use of electrical contrivances
- Feeding of material not conducive to the health of the animal, safety of food or marketability of its carcass
- Blocking of nerves to prevent limping or switching of the tail
- The use of diuretics
- The use of alcoholic or carbonated beverages in the feed or administered as a drench

23b. Over Age Animals: Any animal over the age requirement set forth by rules specific to that division will be disqualified.

23c. Unapproved Drug Use: The showing of any animal that has been administered during its life any quantity of any unapproved drug, chemical or medication is strictly prohibited. Such drugs include, but are not limited to, any diuretic, any unapproved growth stimulant or other unapproved medication. Unapproved means not approved by the Food and Drug Administration (FDA) and/or the U.S. Department of Agriculture (USDA) for slaughter animals including that may be destined for human consumption.

23d. Approved Drug Use: If an animal has been administered a drug that is FDA approved for its species, sufficient time must have passed so that the animal does not test positive for that drug upon arrival to the Grounds. **Animals must remain free and clear of all drug and chemical residues while on show grounds.** Please note that elimination time (the time it takes for no drug residue to be found in the system) is typically longer than the labeled withdrawal time for most approved drugs.

23e. Animal Inspection & Testing: As condition for participation in the show, every exhibitor must agree to submit any animal entered by the exhibitor for inspection at any time. Exhibitors agree to have such animal submitted to any test requested by the Show at any time. The exhibitor also agrees that the opinion reached by the Show or its officials as to whether such animal is unethically fitted or over age shall be final and binding without recourse against the Show or any of its officers. Further, the Show specifically reserves the right to have ultrasound, D.N.A., tissue, blood and/or urine laboratory analysis made on any animal entered for competition. The conclusions reached by the laboratory and/or veterinarian shall be final and binding without recourse against the Show or any of its officers. An exhibitor, and members of the exhibitors family, of an animal that is found to be unethically fitted, over age, and/or testing positive for any drug or medication or unapproved chemical may forfeit all rights and privileges to exhibit livestock in the future at the Show.

23f. Unmanageable Animals: The Show may disqualify any animal deemed unmanageable.

23g. No adherence to Rules: Any person found guilty of misrepresentation or not abiding by the Show rules will be disqualified and denied the privilege of showing in the San Angelo Stock Show and Rodeo.

23h. Medication Received Prior to Show: Animals under the care of a licensed veterinarian and/or taking any type of performance enhancing medication to include but not limited to, steroids, diuretics, anti-inflammatories, tranquilizers and pain killers are ineligible for competition. In instances where an animal has been administered a drug that is FDA approved for its species, the exhibitor must be aware that the time it takes for all drug residue to completely clear the system **is generally longer than the labeled withdrawal time** for most drugs. SASSRA maintains a ZERO TOLERANCE POLICY for unethically fitted livestock. Adequate time must have passed so that the animal does not test positive for drug upon arrival. Once the animals arrive on the SASSRA grounds, they must remain free and clear of all drug and chemical residues.

23i. Emergency Treatment: If an animal requires emergency treatment while on Show grounds, only a licensed veterinarian will be allowed to administer any drug, chemical or feed additive. An exhibitor may choose a licensed veterinarian other than the official Show veterinarian, but the official Show veterinarian MUST be notified in advance and he/she MUST be present. Animals which are administered treatments with a withdrawal or extended elimination time period will be disqualified from competition. Furthermore, the Official Show Veterinarian, in agreement with Show Management, reserve the right to treat any animal if, in the opinion of the Official Show Veterinarian, it is in the best interest of the animal's health and well-being to be treated. If the Official Show Veterinarian administers treatment to an animal,

and therefore uses any medication that does not meet the appropriate withdrawal and or elimination time, will be determined ineligible to show for competition.

23j. Treatment Cost: All treatment costs are the responsibility of the exhibitor.

23k. Consequences: In the event any animal is declared by the veterinarian or testing agency to be unethically fitted or disqualified for any reason the SASSRA President will appoint an Ethics Committee to evaluate the case. The Ethics Committee may temporarily decide to permanently bar the exhibitor and his or her family from any further participation in the San Angelo Stock Show and Rodeo. Reinstatement of anyone barred may be made only by the Ethics Committee. The exhibitor will likely forfeit all titles, awards, prizes, auction proceeds, premiums and scholarships for all entries if the animal and/or exhibitor is disqualified. Market/Floor money will be forfeited if the animal is condemned at slaughter. The San Angelo Stock Show and Rodeo in cooperation with members of the North American Livestock Show and Rodeo Managers Association, reserves the right to submit the name(s) of any disqualified exhibitor to the Rule Infraction Database.

23l. Probation: An exhibitor may be placed on a probationary status if results of drug tests are inconclusive, confirmation of a primary test cannot be granted, or another situation questioning the ethical fitting of livestock arises. The probation grants the right for the San Angelo Stock Show and Rodeo to collect ultrasound, D.N.A., blood, tissue and/or urine samples for laboratory analysis on any animal entered by an exhibitor on probation at the exhibitor's expense. An exhibitor may remain on probation for any amount of time and may be released from probation only by the Board of Directors upon recommendation from the Ethics Committee.

24. Wholesome Meat Act: The USDA Wholesome Meat Act applies to all market livestock. Only animals eligible for immediate slaughter may be brought onto the grounds and exhibited:

a. Animals must be in good health and carcasses free of drug or chemical residues.

b. Drug label directions for use and withdrawal periods must be followed. Please note that elimination time (the time for no drug residue to be found in the system) is typically longer than the withdrawal time for most approved drugs.

c. If drug or chemical residues are found in tissue of carcasses, the entire carcass may be condemned.

The San Angelo Stock Show and Rodeo will in no way be liable or responsible for the condition of the carcasses or the sale price of the animal. In such cases, the exhibitor forfeits all rights to any and all proceeds including: Auction Price, Scholarships, Premium Awards, Market (Floor) Price and Special Awards.

25. Federal Food, Drug and Cosmetic Act: As required, in 21 CFR 589.2000, entry in the Junior Market steer, lamb and goat shows shall serve as verification by the exhibitor that, to the best of their knowledge, while under their ownership, possession or direct control, the animal(s) were not fed any feed containing ruminant-derived meat or bone meal. Entrants agree to allow packer inspections of feed ingredient records and facilities.

26. Disqualification/Condemnation of Animal: "The Show practices a Zero Tolerance policy on all residue violations." The Show reserves the right to condemn and/or disqualify any animal, either live or slaughtered, found in violation of Rule 22 of the General Show Rules and Regulations listed in the handbook and the exhibitor will forfeit all auction sale and/or premium money if the animal is disqualified. If an

animal(s) is disqualified, the class placing will not change. A disqualified exhibitor may forfeit all rights and privileges to exhibit livestock in the future at the Show.

27. Disclaimer of Warranties: The San Angelo Stock Show and Rodeo expressly disclaims any express or implied warranties (including merchantability), whether the goods or services are provided by the San Angelo Stock Show and Rodeo or by others (such as drug testing). The San Angelo Stock Show and Rodeo does NOT provide security or guard services and is not responsible for the acts of third parties. Exhibitor and exhibitor's parents and/or guardians agree that the San Angelo Stock Show and Rodeo shall be entitled to disqualify any exhibitor whose animal tests positive for any drug even if the exhibitor and the exhibitor's parents or guardians are innocent of any wrongdoing and had no role in the administration of the drug shown by the drug test. Even if the source of the drug is unknown, the San Angelo Stock Show and Rodeo shall be entitled to disqualify the exhibitor. Disqualification results in forfeiture of all prize money and auction proceeds.

ANIMAL HEALTH REGULATIONS

San Angelo Stock Show officials are allowed to impose animal health requirements that are more restrictive than those imposed by the Texas Animal Health Commission (TAHC). Specific TAHC regulations will supersede the Show requirements if there is a dispute between the two in which the Show rules are less restrictive than TAHC regulations. The show considers itself an interstate (accepting entries of livestock from within Texas and from other states) show for livestock entries. Exhibitors with livestock originating outside the State of Texas are encouraged to contact their state Animal Health officials to confirm specific requirements, if any, their state may impose on animals returning from a Texas show.

CERTIFICATE OF VETERINARY INSPECTION: The certificate must indicate that the accredited veterinarian found the animals or fowl to be free of symptoms or evidence of communicable disease and that all tests, immunizations, or treatments required by the Commission were completed. For certain diseases, a specific statement may be required indicating disease free status. The certificate is required to accompany animals and fowl entering the State of Texas as stated in the following summary of entry requirements. The certificate is valid for 45 days for equine and 30 days for all other species.

PRIOR ENTRY PERMITS: Entry permits are required as noted in the following summary of entry requirements. Permits may be obtained by calling 512/719-0777(24 hours), or 1/800-550-8242 or by writing the Texas Animal Health Commission, 2105 Kramer Lane, P.O. Box 12966, Austin, Texas 78711-2966.

ROUTINE INSPECTION PROCEDURES

1. Representatives of the Show should meet all incoming livestock vehicles at entry gate to Show Grounds.
2. At this point, all required documents will be inspected as well as a visual inspection of the shipment.
3. If shipment meets all requirements, the driver will then be allowed on grounds.
4. If the shipment does NOT meet the requirements, they will be asked to pull from the flow of traffic. Show Officials will then take necessary steps to correct the issue or dismiss the animals from premises. However at NO time will these animals be allowed on grounds to co-mingle with others.

2. To be eligible to exhibit in the 2018 Junior Heifer Show, all heifers must be validated in the Texas 4-H and FFA Heifer Validation Program. Each entry must have been recorded on a 4-H or FFA Heifer Validation Form Master List between October 1 and November 14. Additionally, a copy of the original registration paper of each heifer must be uploaded through the Texas 4-H and FFA Validation Program by November 14, 2017. Exhibitors must have owned and cared for their heifers continuously since November 1, 2017.

A hair follicle sample will be collected from all breed champions and all reserve breed champions and DNA analysis will be conducted on each of these hair follicle samples. The Heifer Committee(s) may also collect a hair follicle sample from any other heifer entry from the purpose of conducting a DNA analysis. Any heifer not having a positive match from the DNA analysis of this hair follicle sample, compared to the DNA analysis of the hair follicle sample taken from it at the time of enrollment in the validation program will be disqualified.

All potential substitute heifers must meet the validation requirements.

3. All exhibitors must have owned the heifers shown in the name continuously since November 1, 2017, and the official registration certificate must indicate that the exhibitor was the sole owner of the heifer on or before November 1, 2017 and that the registration certificate was processed by the respective breed association on or before November 1, 2017.

4. To be eligible to show, all heifers must have been calved after September 1, 2015.

5. There is no limit on the number of heifers an exhibitor may show, however, all animals must be registered in the exhibitor's name.

10. All exhibitors or their representatives are asked to remain with their heifers during check-in. Heifers not having legible tattoos are ineligible to compete and will not be allowed to show. Tattoos will be verified at check-in and must match the registration papers exactly.

11. All exhibitors will be issued a show number for each heifer entered in the show, and no heifer will be allowed in the show ring to be judged unless the exhibitor leading the heifer is wearing the number assigned to the heifer being shown.

12. Heifers will be released immediately following the conclusion of their show.

13. Exhibitors entering this show are eligible to enter the All Breed Junior Heifer Futurity. However, entry to the Futurity requires separate designation on the entry form, as well as, additional entry fees. Exhibitors are NOT automatically entered into the Futurity.

14. An animal that is disqualified for ANY REASON in its respective breed show will be disqualified from the Heifer Futurity, as well. Additionally, the exhibitor will be required to forfeit any premiums, ribbons and/or any other prizes won in the Futurity Show, but in no event shall it affect the order of finish of any of the other animals competing in the Futurity Show.

JUNIOR ANGUS HEIFER SHOW

Mike Salisbury, Co-Superintendent Chase Runyan, Co-Superintendent

In Place:	5:00 p.m., Thursday, February 8, 2018
Check Papers:	6:00 p.m., Thursday, February 8, 2018
Time of Show:	**8:00 a.m., Friday, February 9, 2018**
	Ring A
Judge:	Mark McClintock, San Angelo, Tx
	Carl Muntean, Iola, Tx

1. All animals to be eligible to show must be recorded in the American Angus Association Record. Exhibitors must file with the Stock Show Office the name and herd book of each animal entered.

2. Only Black Angus are allowed in this show.

3. All exhibitors are eligible to compete for a Junior or Senior Showmanship award. Exhibitors 13 years old or younger on January 1, 2018, will be eligible to compete for Jr. Showmanship, and exhibitors 14 years old or older on January 1, 2018 will be eligible to compete for Sr. Showmanship.

4. If any classes have an excessive number of entries, they will be divided into two or more classes according to American Angus Association guidelines.

The American Angus Association, 3201 Frederick Avenue, St. Joseph, MO, will participate in premiums offered in individual classes for Junior Angus heifers, as included in its standard show classifications, according to the premium schedule based on the number of head shown. The Association's contributions will be included in the premium checks issued by the show.

A minimum of fifteen (15) head must be shown in the Junior Angus heifer classes to receive American Angus Association premium participation. The show is not required to have all classes to be eligible for premiums. Separate classes for bred and owned heifers may be held if the size of the show merits a separate class.

To be eligible for association premiums, the entries must be recorded in the sole name of the junior exhibitor and the issue date on the registration certificate must conform to the individuals show's requirements regarding ownership. The Association's contribution is included in the total premiums listed in each class. Premiums from the Association are paid only to registered Angus cattle and only if the registration number is a part of the show report provided to the Association. Therefore, all cattle should be registered at the time of entry to make certain they receive the Association's portion of premiums. The Association does not pay a percentage on premiums offered in the championship classes. An animal may only be counted one time toward the total count for premium participation by the Association.

Exhibitors must have the original registration certificate on each animal available for inspection at the show.

Any animal, upon check-in, which does not have a legible permanent identification mark (ear tattoo marks, freeze-branded marks or hot-branded marks) corresponding to the permanent identification mark on the registration certificate, is ineligible to show. Once disqualified due to an incorrect or illegible permanent identification mark, animals cannot be re-tattooed and rechecked at the show.

When any female is shown with a calf at side, the calf must be the cow's most recent natural calf, and the calf must be registered by show date and have the original registration certificate at check in.

Only one person at a time shall lead animals into the show ring.

Any product administered internally or used externally to alter the conformation and/or appearance of an animal for exhibition is prohibited. This includes the covering of white skin, false tail heads (or use of any false hair); use of graphite, powders, hemp or other similar substances exhibition of cattle displaying false hair will not be allowed, with the exception of false tail switches.

For an exhibitor to be eligible at shows for premium monies contributed by the American Angus Association, each exhibitor is subject to Part 3, Section IX of the Association's rules entitled "Eligibility, Conformation, and Structure of Animals Presented for Exhibition." Included in this is Rule 11: "Effective July 1, 2004, at any show for which the American Angus Association appropriates funds toward the payment of premiums, no exhibitors, member owners, or individuals assisting an exhibitors at such show shall be allowed to use any coloring agents on any animal exhibited." The Association may adopt and implement various tests designed to monitor this prohibition, including but not limited to a "white towel" or "white glove" text. No aerosol cans or other pressurized containers will be allowed in designated make up areas.

DNA marker or blood type for parentage verification – Under Association Rules each animal, for which entry application (registration) is received, may be subjected to a DNA marker type or blood type test to verify ACCURACY OF PARENTAGE as covered under Association Rules. Staff of the American Angus Association must supervise the collection of DNA or blood samples. Animals are often sampled at shows, fairs, or events where the American Angus Association contributes premiums or where Association personnel participate.

If a recorded parent is excluded (as a parent) as a result of DNA or blood type, the owner may request, at his own expense, the Association to determine the actual parent. Failure to determine the sire and dam disqualifies the animal's eligibility in the Angus Herd Book and the registration certificate becomes null and void.

Exhibitors shall not intervene or otherwise interfere with any representative or designee during the height and weight measuring process.

Wool Divisions:

Suri Wool: Suri llamas have a natural balanced, athletic type, which may appear narrower than llamas of other fiber types when viewed from the front or rear. The fleece of a Suri Llama should have a natural luster and hang and drape over the llamas body, usually forming a natural part of the spine. The fibers are grouped into very distinct and well-defined locks with many individual separate locks of fiber formed at the skin and carrying out to the ends of each lock. The fleece should be lustrous, the locks independent and consistent in size, and the degree of wave or spiral content throughout the neck and body. The fiber is also characterized by absence of crimp and minimal loft.

Light Wool: Minimal body wool, short neck wool with smooth legs.

Medium Wool: Moderate to long body wool, minimal to moderate neck wool, smooth to moderate leg wool.

Heavy Wool: Abundant body and neck wool with minimal to abundant leg wool. (i.e., leg wool at least to knee and hock).

Produce of Dam and Get of Sire Classes: These classes are entered under the name of the Dam and Sire. Registration certificates of the Dam or Sire must be sent with the entry. If Dam &/or Sire is not present at the show, an ALSA fee of $10.00 must be sent with the entry. There may be more than one entry for a Dam or Sire but only the top placing will earn points.

-Produce of Dam consists of two offspring by the same dam, each shown in appropriate halter classes.

-Get of Sire consists of three offspring by the same sire by a least two dams, each shown in appropriate class.

-Offspring must be designated to show management before these classes or held.

Age Divisions for Animals Entries: Age determined by the age of the llama on the day they enter the ring in halter.

Juvenile……5 through 12 months

Yearling……12 through 24 months

Two Year Olds…..24 through 36 months

Adult…..36 months and older

Show management reserves the right to combine wool divisions if lack of enough entries warrants the decision.

-Ribbons will be awarded in all classes for places 1-5. Rosettes will be awarded for all Grand and Reserve Champions

-Additional cash premiums are offered by the San Angelo Stock Show Association.
