PEARS

European hybrids: 'Kieffer', 'Orient', and 'Magness'
 Asian varieties: 'Shinko' and 'Shin Li'

APPLES

'Fuji', 'Gala', 'Imperial Gala', 'Mollie's Delicious'
 (excellent pollinator for other varieties), 'Mutsu',
 'Pink Lady', and 'Royal
 Gala'

BLACKBERRIES

Thornless: 'Apache',
 'Arapaho', 'Natchez', 'Ouachita'
 Thorny: 'Kiowa', 'Rosborough', 'Brazos'

BLUEBERRIES

Powerderblue, Tifblue

FIGS

'Celeste', Texas Ever Bearing, Alma

PECANS

Early: Apalachee, Caddo, Oconee, Prilop, Lipan
 Late: Forkert, Kanza, Lakota

PERSIMMON

Eureka, Hachiya, 'Tane-nashi', Tamopan,
 Izo, Fankio

PLUMS

Methley, Santa Rosa, Bruce, Ozark Premiere

NECTARINES

Karla Rose, Red gold, Rose Princess, Armking

APRICOT

Blenheim, Moorpark, Bryan, Chinese (or Mormon)

SWEET CHERRIES

Not recommended for East Texas

SOUR CHERRY

Montmorency

ALMONDS

Generally not recommended due to repeated crop
 failure. 'All-in-one' is the only variety

OLIVES

Do not fruit well in East Texas due to temp
 changes in the Spring

POMEGRANATES

Al-sirin-nar, Russian 18, Salavatski, Spanish
 Sweet, Sumbar, Surh Anor. Wonderful is a common
 variety but one of the least cold hardy, so people
 may ask for it, but it isn't the best one to grow for
 our area.

CITRUS

Meyer lemon (drought hardy but not always winter hardy), Satsuma (Artic Frost, Orange Frost, Miho)

MAYHAW

Superspur, Superberry, 'Big Red,' 'Winnie Yellow,' 'Highway Red,' 'Highway Yellow,' 'T.O. Warren Superberry,' Angelina, Harrison, Big Mama

WINE GRAPES

Victoria Red, Blanc du Bois, Black Spanish, Herbemont

JUJUBE

Li, Lang

MUSCADINE

Self-fertile varieties include: Carlos (a bronze colored grape), Cowart (black), Ison (black), Janebell (bronze), Magnolia (bronze), Noble (red), and Triumph (bronze)

Pollinator required: Darlene (bronze), Fry (bronze), Higgins (black-bronze), Hunt (black), Jumbo (black), Pam (bronze), Scuppernong (bronze), Summit (bronze), and Sweet Jenny (bronze)
