24. **Judging:** Exhibitors are responsible for knowing the times at which their Exhibits will be judged. 32. **Unethically Fitted Livestock:** The showing of livestock of any ineligible age for exhibition in the class entered, or the misrepresentation of breeding or milking status is prohibited.

In addition, unethical fitting will be deemed to consist of changing the normal conformation of any part of the animals' body or using drugs, including over the counter and/or extra-label, or mechanical devices to alter the physical makeup and/or performance of the animal. This includes but is not limited to the following:

- f. Striking the animal to cause swelling in a depressed area.
- g. Surgery or other practices performed to change the natural contour or appearance of the animal's body, hide, hair, or feet (this is to include any materials added to feet of an animal) except the removal of warts or horns and permitted clipping and dressing of hair and trimming of hooves.

All medication administered during the Show must be administered by the Official Rodeo Austin Veterinarian and a written medication record must be filed. Animals receiving performance enhancing drugs (including, but not limited to, steroids, diuretics, anti-inflammatories, tranquilizers and pain killers) in this manner are ineligible for competition.

The Official Show Veterinarian, in agreement with Rodeo Austin, reserve the right to treat any animal if, in the opinion of the Official Show Veterinarian, it is in the best interest of the animal's health and well-being to be treated. If the Official Show Veterinarian administers treatment to an animal and therefore uses any medication that requires a withdrawal time, the animal will be determined ineligible for competition.

The term "drug" shall mean any substance for which the sale, possession or use is controlled by license under federal, state, or local laws or regulation and any substance commonly used by the medical or veterinary professions which affects the circulatory, respiratory, muscular, skeletal or central nervous system of any animal.

The Exhibitor specifically represents that no animal entered by him/her is unethically fitted, and that the breeding age and milking status is correctly stated. - a. Junior Exhibitor
- b. Parent or Guardian

All Exhibitors are responsible for security of their own animal(s) until they depart for their final destination (processing/ranch). The Show also reserves the right to have ultrasound, D.N.A., tissue, blood, urine and/or feces laboratory analysis made on any animal entered for competition. The Exhibitor, including his or her parent or guardian or AST or CEA for Junior Exhibitors, must be present during the collection for analysis and must witness, seal and initial the sample as well as sign the appropriate sample documentation; thus verifying the sample to be properly collected and prepared for analysis. The conclusions reached by the veterinarian and/or laboratory analysis shall be final and conclusive without recourse against the Show or any officer, director, or employee thereof or any veterinarian as appointed by Rodeo Austin. The Exhibitor waives any right of action which he/she might have for any action taken under this Rule, and releases the Show and the veterinarian from any and all claims or demands whatsoever in connection with the inspection or testing of any such animal or any ruling or action taken by reason of the conclusion of such veterinarian.

As breeding animals are not entering the food chain, the USDA Wholesome Meat Act does not apply; however, breeding animals may be closely screened for any performance enhancing compounds. This includes but is not limited to steroids, diuretics, anti-inflammatories, tranquilizers and pain killers.

In the event any animal is declared by Show officials, veterinarian or analyzing agency to be unethically fitted, Rodeo Austin is authorized to bar the Exhibitor and his or her family from any further participation in the Show. Reinstatement of anyone barred may be made only by a majority vote of Rodeo Austin. 35. **Animal Health Declaration Form:** This form should be submitted by exhibitors at the Howdy trailer check-in. This form will be available with entry forms online.
36. **Diseased Animals:** No animals having a disease of any character will be admitted to the Show Grounds at any time, and the Superintendents are instructed and authorized to refuse unloading privileges to any livestock, horses and poultry having a disease or undesirable ailment. 37. **Veterinarians / Medication:** Animals under the care of a licensed veterinarian and/or taking any type of performance enhancing medication to include, but not limited to, steroids, diuretics, anti-inflammatories, tranquilizers and pain killers, are ineligible for competition. Exhibitors with questions regarding medications and/or eligibility should consult with the Official Rodeo Austin Veterinarian prior to competition.

For the convenience of Exhibitors, the Show arranges to have veterinarians available; however, they do NOT donate their services or medications. Fees should be discussed before treatment.

All medication administered during the Show must be administered by the Official Rodeo Austin Veterinarian and a written medication record must be filed. The Show considers itself an interstate (accepting entries of livestock and poultry from within Texas and from other states) Show for livestock entries. Exhibitors with livestock originating outside the state of Texas are encouraged to contact their state Animal Health officials to confirm what specific requirements, if any, their state may impose on animals returning from a Texas Show.

Routine Inspection Procedures (What the Exhibitor Should Expect):

1. For the Livestock Show, representatives of the Show will meet the incoming livestock vehicle at the Gate #1 check-in trailer.
2. All documents are to be examined and a visual inspection of the shipment is to be made. Be certain that Certificates of Veterinary Inspection, EIA test information, permits, etc. are still valid. A visual exam of the animals is to be made to ensure that the animals described on the documents are the same as those in the shipment.
3. If shipments meet all entry requirements, Rodeo Austin will allow the driver to proceed without delay. Return the certificates and other documents to the owner or driver.
4. If shipment does not meet the requirements, the driver should pull the truck or trailer out of the traffic's way. If animals must be unloaded, they must remain in a separate pen (holding area) away from other livestock. Individuals should be allowed to contact the Official Show Veterinarian or their own veterinarian to obtain proper documents and/or test. Documentation must be in writing – no corrections will be allowed by phone. Fax documents are permissible.

4. **Foreign Exchange Students:** Non-United States citizens and foreign exchange students are eligible to compete in the Junior Livestock Show provided they meet all other eligibility requirements. Such individuals are ineligible to receive Rodeo Austin Scholarships.
5. **Entry:** Rodeo Austin makes available to CEAs and ASTs in charge of 4-H Clubs or FFA livestock programs the opportunity to enter members in their programs in the Junior Livestock Show, subject to these Special Rules. These Rules are only minimum requirements for participation in the Show and are not intended to limit the right of any CEA or AST, or the Texas AgriLife Extension or the Texas Education Agency to impose additional requirements as they deem necessary. The opportunity to enter 4-H Club and FFA members' projects in the Junior Livestock Show is made available only to CEAs and ASTs supervising these livestock projects. In no event are these Rules to be construed as making any offer or opportunity available to any 4-H Club or FFA member. Processing and/ or deposit of funds does not constitute acceptance of entries from an individual and or club or chapter. Eligibility of individual members of a club or chapter are subject to verification and approval. In no event shall any CEA or AST be considered to be an agent of Rodeo Austin for any purpose.

Entries in the Junior Livestock Show must be made by the CEA or AST under whose supervision the animals were fed and will be returned if submitted by others. The CEA or AST must certify on the entry form that the animal and the owner(s) are eligible under the Rules of this Show. It is the responsibility of the CEA or AST to read all Rules and check each entry form carefully before signing it. If entries are not correctly submitted, they will be returned.

Entry receipts and signatures from 4-H and FFA must come in separate packages with separate checks. Junior entry receipts and signatures must be on current forms with a current Junior Summary Sheet for each club or chapter, listing all owners and their entries along with one (1) check to cover total fees due (entries and passes). Checks for junior entries must be drawn on 4-H or FFA accounts, money orders or cashier's checks. Personal checks will not be accepted.

For more information regarding Entry Forms refer to the General Rules on page 13 or www.RodeoAustin.com.

6. **Signatures:** All junior livestock Exhibitors must have the required signatures (Exhibitor, AST/CEA and Parent or Guardian) on each Certification of Entry and W9 form.
7. **Ownership:** Exhibitors must own their animals at the beginning of and throughout the entire feeding and fitting period. Exhibitors must feed, care for, and exhibit their animals without any aid or assistance during the entire feeding and fitting period except from the CEA, AST, immediate family member, or other 4-H or FFA members from the 4-H club or FFA chapter from which the animals are entered. Show Management will Rule on all issues regarding ownership (i.e. ribbon, Premium, or other auction/sale).
8. **Ownership/Feeding/Fitting Periods:** The required ownership, feeding and fitting periods are:
 - Market Steers: June 30, year prior to Show
 - Market Lambs: October 31, year prior to Show
 - Market Goats: October 31, year prior to Show
 - Market Barrows: November 30, year prior to Show
 - Breeding Beef Heifers: November 1, year prior to Show

Market Turkey and Broilers: Please check www.posc.tamu.edu for ownership dates. All market poultry must be purchased through Texas A&M University Poultry Science Department.

Market Animals: Validation and/or sales receipt will be used to verify ownership date for Market Animals.

Breeding Heifers: Original registration certificates will be used to verify ownership date for breeding heifers. Animals must be registered in the herd book of their association in the name of the junior owner on or before the required ownership date. Purchase, delivery, possession and registration must all take place on or before the required ownership date.

In addition, all heifers must be validated through the Texas 4-H and FFA Heifer Validation Program for the Junior Breeding Heifer Show. Heifer validation will include uploading registration papers online and physical validation. The deadline for heifer validation is November 1, 2020, but Exhibitors must adhere to county deadlines for physical validation.

9. **Country of Origin:** Entry is limited only to Market Animals that meet United States Country of Origin requirements. By entering a Market Animal, the Exhibitor attests to first-hand knowledge, normal business records or producer affidavit(s) that all livestock entered into the Show are of United States origin. Rodeo Austin refuses entry of market livestock that are not of United States origin for entry into the Show.
10. **Partnerships:** Partnership animals are NOT eligible in the Junior Livestock Show.
11. **Ineligible Animals:** Any animal owned by an ineligible Exhibitor is ineligible for competition. Any animal which has sold at auction at any Major Livestock Show is NOT eligible for the Junior Livestock Show.
12. **Double Entries:** Animals shown in the Junior Livestock Show may also be shown in the Open Livestock Show if classes are available. See instructions in the Special Rules of each Department.
13. **Exhibitor Substitution:** Entries in the Junior Livestock Show must be shown by their owner. Exhibitor substitutions may be allowed under the following conditions. In all cases, the Department Superintendent must approve the Exhibitor substitution and will do so only if all conditions are met.

Substitute Exhibitors may show only one animal, in addition to their own project, in each Junior Market Department.

Type A — Other School Activity: This substitution request must be made in writing by the AST/CEA, parent or leader upon arrival at the Show. This request must be made on the official Rodeo Austin Exhibitor Substitution Form provided by the Department Superintendent. This request must be accompanied by a notarized statement, signed by a School Administrator, on school letterhead stating the specific reason a substitute is requested. The completed official Rodeo Austin Exhibitor Substitution Form and the notarized statement must be returned to the Department Superintendent prior to the start of the respective Show.

Type B — Sickness: This substitution request must be made in writing by the AST/CEA, parent or leader upon arrival at the Show. This request must be made on the official Rodeo Austin Exhibitor Substitution Form provided by the Department Superintendent. This request must be accompanied by a statement, signed by a physician, on his/her letterhead. The completed official Rodeo Austin Exhibitor Substitution Form and the physician's statement must be returned to the Department Superintendent prior to the start of the respective Show.

Type C — More than one entry in a class or the Exhibitor has entries in more than one department showing at the same time: this substitution request must be made in writing by the AST/CEA, parent or leader upon arrival at the Show or as soon as the problem arises, but in any case no later than the start of the respective Show. This request must be made on the official Rodeo Austin Exhibitor Substitution Form provided by the Department Superintendent. The completed official Rodeo Austin Exhibitor Substitution Form must be returned to the Department Superintendent prior to the start of the respective Show.

In any of the three (3) situations listed above, or in the case of an emergency, the Department Superintendent may use his/her own discretion as to whether a substitute showman will be allowed. If a positive decision is rendered, the substitute must be from the same school, FFA Chapter or 4-H Club as the original Exhibitor with the following two (2) exceptions.

- a. The original Exhibitor is the only Exhibitor from that school, FFA Chapter or 4-H Club entered in that Department.
- b. All other members from that school, FFA Chapter, or 4-H Club are exhibiting at the same time.

In either case, any Junior Livestock Show Exhibitor (meeting all requirements of the Junior Livestock Show Exhibitor in the Department entered) meeting the approval of the Department Superintendent may exhibit the animal.

14. **Custom Fitting:** Any animal fed or cared for by a custom fitter, at any time during the required ownership feeding and fitting period, is NOT eligible to show animal, except in the case of a Junior Livestock Show Exhibitor who is a member of the immediate family of a custom fitter. A custom fitter is considered anyone who is not an immediate family member of the family or the CEA or AST. Violators of this Rule will be barred from future participation.
15. **Animal Care:** Exhibitors must remain in charge of their Exhibits and care for them for the duration of the Show.
16. **Stalling:** Animals entered in the Junior Livestock Show must be stalled or penned in the division set aside for this purpose. Stalling will be assigned on a first-come, first-serve basis; animals must arrive together to be stalled together. FFA Chapters and/or 4-H Clubs wishing to be stalled together must arrive together.
17. **Weighing:** Steers, lambs, goats and barrows will be required to have a weight submitted by the Exhibitor to the Department Superintendent. This will be the official weight. Re-weighs are NOT permitted. The management reserves the right to weigh-back any animal at any time. Exhibitors must be present for Weighing, unless a substitution criterion is met (see Rule 13).
18. **Youth Auction Animals:** All placing market steers, lambs, goats, barrows, broilers and turkeys must be sold through the Youth Auction. Grand Champion and Reserve Grand Champion animals are required to be displayed for the duration of the Show under the care of the Exhibitor. The Youth Auction is limited to placing animals. Decoration of Market Animals for the Youth Auction is prohibited; animals must be presented at the Youth Auction in their natural show state (i.e. no glitter, paint, balloons, etc. allowed).
19. **Youth Auction Exhibitors:** The Junior Exhibitor must be present for the Youth Auction, unless substitution criteria are met, or that lot may be removed from the Youth Auction at the discretion of Show Management.

20. **Youth Auction Caps:** Youth Auction Caps are as follows:

Grand Champions

Steer	\$50,000
Barrow	\$25,000
Lamb	\$20,000
Goat.....	\$20,000
Broiler	\$10,000
Turkey.....	\$10,000

Reserve Grand Champions

Steer	\$30,000
Barrow	\$15,000
Lamb.....	\$15,000
Goat.....	\$15,000
Broiler	\$8,000
Turkey.....	\$8,000

The Grand Champion of each species must sell for more than the Reserve Grand Champion of its species. The Reserve Grand Champion of each species must sell for more than lower placing animals of its species. In the event that the amount bid for an animal exceeds any of the above Youth Auction Caps, the excess money will be contributed to the Youth Auction Endowment Fund. Add-ons will not contribute towards the Youth Auction Endowment Fund. Exhibitors will receive all add-on money, less 5% in commission. Add-ons must be paid in full the day of the Youth Auction.

21. **Terminal Shows:** This is a terminal Show for lambs, goats, barrows, poultry and all placing steers. All lambs, goats, barrows, poultry and all placing steers brought onto the Show Grounds must go to market. Non-placing steers have the option to sell at market price or be released to Exhibitors. In the event a suitable resale market is not established for a Junior Market species, Show Management reserves the right to release all animals back to the Exhibitor.

Sift, Non-Place, Premium and Auction Checks: Owners will be paid for sifted and non-placing animals based on weigh-in weight. Checks for sifted and non-placing animals will be mailed to the 4-H or FFA address. A sales fee will be deducted from all resale lots to defray the cost associated with shipping and handling. If applicable, Premium monies for class placing's will be distributed by Rodeo Austin and mailed to the 4-H or FFA address. Auction sale checks will be issued by the Rodeo Austin Youth Auction and will be mailed separate from Premium checks or floor checks to the 4-H or FFA address. Junior market poultry owners will not receive a check for sifted and non-placing animals, as cost of shipping and handling exceeds their market value.

Market Animal Disposition:

Rodeo Austin strives to ensure a fair price for Market Animal projects. Market conditions may dictate the sale of Market Animals be conducted through local terminal markets (i.e. sale barns, etc.). Rodeo Austin reserves the right to charge the Exhibitor freight, yardage and any and all marketing fees applicable to the sale of each animal. A sales fee of 5% of the Youth Auction total and floor price will be charged to the seller on all animals sold.

22. **Animal Load-out:** It is the responsibility of each Exhibitor to see that his/her animal is received at the load out area, check-in card is present with the animal, and the entry number is written on the release form for Texas Livestock Marketing Association (TLMA).

23. **Wholesome Meat Act:** The USDA Wholesome Meat Act applies to all market livestock. Only Market Animals eligible for immediate harvest may be brought onto the Show Grounds and exhibited:

- a. Animals must be in good health and free of drug or chemical residues.
- b. Drug label directions for use and withdrawal periods must be followed.
- c. If drug or chemical residues are found in tissue, the entire carcass may be condemned.

Rodeo Austin will in no way be liable or responsible for the condition of carcasses or the sale price of the animal. In such cases, the Exhibitor forfeits all rights to any and all proceeds including: auction price, Scholarships, Premiums, market (floor) price and special awards.

As breeding animals are not entering the food chain, the USDA Wholesome Meat Act does not apply to these animals; however, breeding animals may be closely screened for any performance enhancing compounds. This includes, but is not limited to steroids, diuretics and pain killers.

24. **Drug Residue Avoidance Policy:** Rodeo Austin believes in the ethical and humane treatment of all animals. It is important to remember that livestock, including those for Show and exhibition, are raised for the primary purpose of producing food. In efforts to support the best practices in both Animal Care and food safety, Exhibitors and/or guardians must act responsibly to ensure the safe use of drugs in these animals and the safe production of food products. Best practices demand that the use of all drugs in food producing animals be conducted by or under the direction of a veterinarian.

All animals harvested for food, including show animals, are subject to testing for drug residues by the Food Safety Inspection Service (FSIS) of the United States Department of Agriculture (USDA). Exhibitors and/or guardians should note that FSIS places more scrutiny on show livestock and tests carcasses with a higher frequency than livestock from the commercial industry (FSIS Directive 10800.1 Page 9). Exhibitors and/or guardians can make informed decisions about administered drugs under the supervision of a veterinarian and by understanding the type of drug administered.

Antibiotics/Antibacterials Exhibitors and/or guardians should follow all label directions in order to decrease the likelihood of residue in edible tissue. Detection at slaughter may result in action from the USDA. Any residue of the drugs detected will be considered a different infraction category than drugs that enhance performance or are illegal for food producing animals.

Anti-inflammatories Drugs that may enhance performance or mask defects of livestock are strictly prohibited. Any traces of these drugs will constitute a serious infraction.

Beta-agonists Exhibitors and/or guardians must follow all label directions to ensure food safety. Growth promoting drugs may only be administered to approved species for that compound. Residue of beta-agonists for unapproved species will constitute a serious rule infraction.

Prohibited Drugs Any drugs listed in 21-Code of Federal Regulations 530.51 are strictly prohibited. Drugs that are unapproved by the FDA and/or USDA are also prohibited. Any trace of these drugs will constitute a serious infraction.

Following slaughter withdrawal recommendations for these drugs does not ensure that these drugs will not be detected. All instructions concerning the use of any drugs should be followed precisely and meticulous records should be kept by the Exhibitor and/or guardian. Should Exhibitors wish to voluntarily submit their records to Show Management, they may do so upon arrival to the fairgrounds to a designated Show Official at check-in. A form entitled Rodeo Austin Animal Health Declaration has been developed for the Exhibitors' use and is available online. Should drug residue be detected in an Exhibitor's project, the Exhibitor will benefit by having documentation of any and all treatments administered to the animal.

If the Exhibitor is found to have violated the Drug Residue Avoidance Policy, the Show reserves the right to bar the Exhibitor from competition for an indefinite amount of time. Infractions of the Drug Residue Avoidance Program will be addressed based on the category of residue detected. The Exhibitor will likely forfeit all titles, awards, prizes, auction proceeds, premiums and scholarships if disqualified. The market or floor money will also be forfeited if the animal is condemned at slaughter. The Exhibitor will be submitted to the Rule Infraction Database (RID), and other shows may choose to prevent the Exhibitor from competing in the future.

Exhibitors may have the right to appeal a violation of the Drug Residue Avoidance Policy. Rodeo Austin has full and exclusion discretion as to whether any appeal is permitted and as to whether any Exhibitor may utilize any appellate process.

25. **Blocking Tables and Trim Chutes:** No sheep blocking tables, goat blocking tables, or cattle trim chutes are permitted on Show Grounds during the Junior Livestock Show. Trim chutes and blocking tables are only allowed during the Open Livestock Show.
26. **Fans:** Fans will be limited to one (1) fan per three (3) head of cattle and one (1) fan per five (5) head of sheep, goats or hogs exhibited. No fans will be permitted in aisles during the Show.
27. **Scales:** Exhibitors will NOT be allowed to bring portable scales into the Show Barn. Scales will be provided by the Show. Electronic load bar scales for cattle are permitted in designated locations pending approval of the Department Superintendent.

28. **Cattle Stalling:** No cages or boxes will be permitted in the Show barn. Only end or side panels are allowed. No panels or gates allowed for cow-calf pairs.
29. **Generators:** No generators are permitted on Show Grounds
30. **Clipping:** No electrical clippers are permitted on the Show Grounds. Battery-powered clippers are allowed.
31. **Blow Dryers:** No livestock blowers will be permitted during the junior market Shows.
32. **Fire Regulations:** Fire code regulations require that no equipment, show boxes, trim chutes, etc. will be allowed in aisles. Blocking of any aisle will be strictly prohibited. Equipment may be stored in or above assigned pens in the Show Barn.
33. **Notice to Parents or Guardians of Participants and Participants:** Rodeo Austin, at its election, may choose to use photographs, videos and other likenesses of Participants in future publications including but not limited to, newspapers, magazines, television, promotional literature, World Wide Web (Internet) and Rodeo Austin programs. By allowing your child or ward to enter events of Rodeo Austin, you are deemed to have consented to such uses of photographs, videos and other likenesses of your child or ward.

The Show specifically reserves the right to obtain and maintain hair and/or blood DNA samples and have analysis made on any animal entered for the competition. The conclusion reached by the testing companies/laboratories shall be final, without recourse against the Show or its service providers. In the event the animal's identity (Show sample) is found to differ from its validation sample, Rodeo Austin is authorized to permanently bar the Exhibitor and his or her family from any further participation in the Show. The Exhibitor will forfeit all titles, awards, prizes, Youth Auction proceeds, premiums, and scholarships if the animal and/or Exhibitor is disqualified.

After completing Self-Check-In, the kiosk will generate a confirmation receipt. It is the responsibility of the Exhibitor to ensure that all information on the receipt is correct. Show Management will assist with changes in the case of user error, but changes will not be made after 4 p.m. Exhibitors should retain their confirmation receipt throughout the Show.

Show Weights: All Exhibitors will turn in the official Show Weight for their steer. Show Weights will range from 1000 lbs. to no maximum. All steers with weights turned in outside of this range will be sifted. Weight changes will not be allowed once the individual leaves the Self-Check-In area.

Barrows will utilize the Texas validation tag as their identification number at the Show. Failure to comply with the Rules and regulations of the Texas Barrow Validation Program will result in disqualification. Show Management reserves the right to interpret and amend the Official Validation Rules.
- 2. Ear Tags:** All ear tags except the official Texas validation tag and USDA Premise Identification Number (PIN) tag must be removed before the Show. Breeders tags are prohibited and will be removed by the Show Superintendent before the Show. The Texas validation tag number will be used for animal identification.
- 4. Animal Identity DNA Testing:** As a condition for participation in the Junior Market Barrow Show, every Exhibitor must agree to submit DNA validation samples of any and all animals entered by Exhibitor for purposes of identification. The Show requires that the animal exhibited at the Show be the same as the animal enrolled at the validation. The Show specifically reserves the right to obtain and maintain hair and/or blood DNA samples and have analysis made on any animal entered for the competition. The conclusion reached by the testing companies/laboratories shall be final, without recourse against the Show or its service providers. In the event the animal's identity (Show sample) is found to differ from its validation sample, Rodeo Austin is authorized to permanently bar the Exhibitor and his or her family from any further participation in the Show. The Exhibitor will forfeit all titles, awards, prizes, Youth Auction proceeds, premiums, and scholarships if the animal and/or Exhibitor is disqualified.

Check-in must be completed by **Wednesday, March 17 (Wave 1) or Friday, March 19 (Wave 2) at 1 p.m. at the kiosk**, or Exhibitor will not be permitted to show.

After completing Self-Check-In, the kiosk will generate a confirmation receipt. It is the responsibility of the Exhibitor to ensure that all information on the receipt is correct. Show Management will assist with changes in the case of user error, but changes will not be made after 1 p.m. Exhibitors should retain their confirmation receipt throughout the Show.

Show Weights: All Exhibitors will turn in the official Show Weight for their barrow. Show Weights will range from 250 to 290 lbs. All barrows with weights turned in outside of this range, will be sifted. Weight changes will not be allowed once the individual leaves the Self-Check-In area.

8. **Classes:** Superintendents along with Show Management will break classes after all weights have been turned in. In the event of a large number of barrows within the same weight class and same breed, the Show may break these groups into multiple sub-weight classes. To more effectively break classes, weights may be grouped by a maximum of a 3 lb. spread (i.e. 277-280). Classes could also be broken into sub-weight classes based on a measure other than weight. Barrows must show in assigned class, no exceptions will be made to posted classes. Show Management reserves the right to shift classes within a breed.
9. **Classification:** Breed must be declared at Self-Check-In. Barrows will be subject to classification by a three-member classifying committee. Any barrow classified out of their respective breed must come back to the arena during the Light or Dark Crossbred Breed Show, within their appropriate weight class for judging. The decision of the classifying committee will be final. See Barrow Classification Standards.

Barrows will be divided into the following breed divisions: Duroc, Hampshire, Yorkshire, O.P.B.-Dark, O.P.B.-White, Light Crossbred, and Dark Crossbred.

Barrows classed out of Wave 1 are eligible to holdover and exhibit in the Light Crossbred or Dark Crossbred division in Wave 2 or may choose to be sifted/trucked. Barrows choosing to holdover may be asked to relocate.

10. **Fitting:** The use of talc, oils or any foreign material is prohibited. Failure to comply with this Rule will result in disqualification.
11. **Clipping:** No electrical clippers will be allowed. Battery-powered clippers are allowed.
12. **Placing Barrows:** All placing barrows will sell in the Youth Auction. A total of 114 Barrows will sell in the Youth Auction.

A Texas Bred Registry certificate from the breeder must be presented at the Show to qualify. Premiums are awarded and guaranteed via the Texas Pork Producers Association.

Texas Bred Champion: A Champion Texas bred barrow will be chosen after a Grand Champion and Reserve Grand Champion have been selected. The Texas Bred Champion will be chosen from the Breed and Reserve Breed Champions. If no Breed or Reserve Breed Champions are Texas bred and the Overall Champion or Reserve Champion are, the highest placing barrow will receive additional recognition.

16. **Dark Crossbred Division:** Lightweight and Heavyweight Divisions will be added to the Dark Crossbred Breed of the Market Barrow Show. Only weight division champions and reserve champions will compete for Breed Champion Dark Crossbred and Reserve Breed Champion Dark Crossbred.
14. **Class Weigh-back:** All barrows penned in each class or any barrows selected will be subject to re-weigh. Barrows that weigh 10 lbs. less than the declared weight or more than 10 lbs. above the declared weight will be disqualified. Barrows classed out of Wave 1 choosing to show in Wave 2 will be subject to a 15 lb. weigh-back above or below the declared weight.
17. **Grand Champion Weigh-back:** Prior to selection of the Grand and Reserve Grand Champion, all Breed Champions and Reserve Breed Champions will be weighed back: barrows weighing 15 lbs. less than the declared weight or more than 15 lbs. above the declared weight will be disqualified. Should a Champion or Reserve weigh-out, he would retain his status as Breed Champion or Reserve Breed Champion but be ineligible to compete for Grand or Reserve Grand Champion. SELECTION OF CONTESTANTS:

1. USC is limited to 168 Participants. Participants will be selected **ONLY** by CEAs or ASTs. CEAs and ASTs will then enter selected Participants on www.RodeoAustin.com. Online entries begin October 1, year prior to Show and will be accepted until all 168 USC spots are filled. Participants are accepted to USC on a first-come, first-serve basis. After Participants are successfully entered online, CEAs and ASTs must mail entry fees, online entry receipts and USC Entry Collection Forms to Rodeo Austin office as soon as possible to keep the Participant's spot on the USC list. Please address mailings to **Rodeo Austin, ATTN: USC, 9100 Decker Lake Rd., Austin, TX 78724**. Documents must be received within 10 days of online entry submission. If entry fees, online entry receipts and USC Entry Collection Forms are not received within 10 days of online entry submission, the Participant will not be allowed to compete in USC and an alternate will advance.
2. After the 168 Participant spots are filled, entries will remain open for alternates. Any Participant who is entered and fails to submit entry fee, online entry receipt and USC Entry Collection Form within 10 days of online entry submission will relinquish their spot and the spot will be given to an alternate. Alternates will be notified when spots become available. CEAs and ASTs must mail entry fees, online entry receipts and USC Entry Collection Forms for their students only when notified to be alternates in USC. Show Management will designate a deadline for documents to be received depending on when alternate spots become available.
3. The USC bracket will include a Preliminary round and Finals round. Females and males will compete in each division separately. The top three (3) female and male contestants from each heat who catch a calf will advance to the Final round. The fourth and fifth place Participant from each heat will receive a \$1,000 certificate. There will be 21 female and 21 male contestants competing in the respective female or male final round in the Rodeo Austin Arena. Reference the bracket online at www.RodeoAustin.com.
4. Participants will be notified through their supervisor if they have been accepted to participate and their scheduled participation time, if applicable.
5. The University Interscholastic League State Executive Committee, in cooperation with the State Board of Vocational Education, has formulated a plan to permit calf scrambles and still protect Participant's amateur standing. This is done

by placing the matter under the supervision of the Agricultural Science Department of the School and the CEA's prohibiting the Participants from receiving anything of cash value for winning the athletic part of the program.

6. Contestants must weigh at least 100 lbs. and be in top physical condition.

CONTESTANT PRACTICE:

1. For the safety of contestants, supervisors should implement a rigorous training program including:
 - a. Running: Two miles per day
 - b. Wind Sprints: Daily, 20-30 yards with several repetitions
 - c. Calf Catching Practice: Use a large pen or arena with 300-350 pound calf

2. Participants will carry into the arena a lead rope, which will be supplied by Rodeo Austin. The rope may not be used as a lariat. All calves will be haltered before they enter the arena. The Participant must obtain control of the calf and snap the lead rope to the ring underneath the halter. Any Participant attempting to catch the calf by the halter will be disqualified.
3. Only one Participant will be awarded per calf and therefore only one Participant should take the calf across the finish line. Sportsmanlike assistance is permitted. Participants may not tie the rope to themselves.
4. Participants will advance to the next round based on the order in which they crossed the finish line with the calf. In the event Participants cross the line at the same time, a coin toss will be used to determine who moves to the next round.
5. If a Participant has hold of a calf, no other Participant will be allowed to touch the calf unless it breaks away. If two or more Participants catch the same calf, the Participant farthest away from the head of the calf will be asked to release.
6. If Participant catches a calf by the tail, he/she will have a limited amount of time to work towards the head of the calf before they will be asked to release.
7. Poor sportsmanship will automatically disqualify the Participant and undue roughness (i.e. abuse, choking calves, pulling of tails, etc.) will not be tolerated.
8. The Show reserves the right to modify or change any of the arena Rules. Notification of any such modification or change will be made to the Participants prior to the USC performance.
