

Pizza Game from Family Crafts

Cut a large circle out of each piece of brown paper. This will be your "pizza crust". Cut circles out of the red paper that are about 1 inch smaller than your brown circles. This will be your "pizza sauce". Cut 4 even smaller circles out of the yellow paper to be the "pizza cheese". You will need to use different colored paper to cut out other pizza toppings. You will need 4 sets of 3 other toppings; such as 4 sets of green peppers, 4 sets of black olives, and 4 sets of pepperoni.

Choose whatever toppings you like.

Use an unused pizza box, or other box, to store your game and die. On the lid of the box, or another convenient spot write down each number on the die and a pizza part that goes with it. Like this:

1 = Pizza Crust

2 = Pizza Sauce

3 = Pizza Cheese

4 = Pepperoni (or other topping of choice)

5 = Green Peppers (or other topping of choice)

6 = Black Olives (or other topping of choice)

Numbers 1 thru 3 must be the crust, sauce, and cheese in that order; but numbers 4 thru 6 can be whatever toppings you choose.

Once all your pizza pieces are cut and your box is prepared, you can play the game! This game is played like 'Cootie' if you are familiar with that game. The object of the game is to roll the die and create a pizza. Everyone starts with nothing. All players take turns rolling the die, when someone rolls a 1 they get to take a pizza crust piece. Once a person has their crust, they then need to roll a 2 and put the sauce on the pizza. Then they need to roll a 3 to get the cheese for their pizza. The rest of the numbers and pizza parts can be gotten in any order. The first person to finish making a pizza with all the toppings wins the game!
